

Accessing Webinars

You will find some information about webinars here to help you prepare for them next week, and during your time studying on MutualiLearn.

A webinar is a great place to come together and hear the answers to many questions that you have about your learning. So if you are unsure about what is meant by any terminology used you can ask at a webinar. There is no such thing as a 'stupid question'.

Maybe you want to ask a bit of detail about how to use a specific technique you have learned, or want a kind critical friend to give you feedback on what you are planning – it's a great place for you to ask the question and everyone else learn from the answers – share the learning!

Webinars are easy to access but you **do need to register in advance for them.** If no one registers, the webinar won't run.

This is how to get started:

1. MutualGain set up the webinar and send you a link to it
2. Click on the link, enter your details (see image below), and press the Register Button

The screenshot shows a 'Webinar Registration' form. At the top, there are social media icons for Facebook, Twitter, LinkedIn, and YouTube. Below these, the 'Topic' is 'WMP MutualiLearn Webinar 5' and the 'Time' is 'Oct 17, 2017 10:00 AM in London'. The 'Mutual Gain' logo is displayed on the right. The form contains four input fields: 'First Name*' with 'jeevan', 'Last Name*' with 'radhakrishnan', 'Email Address*' with 'jeevan.radhakrishnan@zoom.us', and 'Confirm Email Address*' with 'jeevan.radhakrishnan@zoom.us'. A blue 'Register' button is at the bottom. A footer with links for 'About', 'Download', 'Sales', 'Support', and 'Language' is visible at the very bottom.

3. MutualGain will approve your registration and you will be sent the link to use when you want to join the webinar. **This link is unique to YOU – it can't be shared.**
